TANKS

OUTLAST THE REST

**RAPID SPRAY CARTAGE TANK
WITH 15 YEAR WARRANTY**

Rapid Spray cartage tanks are built to stand the test of time. Manufactured to Australian standards and made with Australian manufactured products, Rapid Spray tanks are the toughest and most durable tanks available on the market. As a trusted cartage tank manufacturer, we see to it that our products are proven and tested to offer quality performance on the field every day, ensuring they are with you for the long haul.

See more myth-busting antics from Rapid Spray Ray on our Facebook page or visit rapidspray.net

TANK SELECTION

CARTAGE TANKS

	AquaV	Active Liquid	Mega Molasses
Catalogue Page	39-41	39-41	39-41
Available sizes	400L - 10,000L	200L - 15,000L	1000L - 15,000L
Best for	Suitable for water only	Suitable for water & other non-hazardous liquids up to 1.3 SG	Suitable for molasses & liquid fertilisers up to 1.6 SG
Specific Gravity	1.1 : 1 SG	1.3 : 1 SG	1.6 : 1 SG
Material	All three models are manufactured using opaque food grade poly material - complies with AS4766:2006		
UV Stabilised	Yes	Yes	Yes
Mounting	All are flat bottom, can be mounted to a flat-deck truck. Mounting pins supplied with tank		
Warranty	15 years on all tanks		

MODULAR TANKS

	Modular V1	Modular V2
Catalogue Page	42-43	42-43
Available sizes	4000L - 28,000L	8000L - 36,000L
Compartment size	2000L	4000L
Best for	Larger trucks. Segmented loads	Semi trucks & off-road tankers
Key differences	Narrower design allows room for pipework down the sides	Greater capacity in a shorter length for more deck space
	-	Available with compartments separate or internally joined with 220mm flow tube
	-	Available with sumps in end or centre compartments
Warranty	15 years on all tanks	

SPRAY TANKS

	Pin Mount	Strap Mount	Drum Rinse
Catalogue Page	44-48	46-48	49
Available sizes	100L - 13,000L	100L, 200L, 300L, 400L, 600L, 1200L, 2000L	50L, 120L, 200L
Sump	Fully draining sump	Fully draining sump	Fully draining sump
Material	All three models are manufactured using translucent food grade poly material - complies with AS4766:2006		
Specific Gravity	All three models are suitable for liquids up to 1.3:1 Specific Gravity. 1.6:1 SG tanks available on special order		
Notes	All three models available with or without galvanised steel frame		
Warranty	15 years on all tanks		
UV Stabilised	Yes	Yes	Yes

THICK. TOUGH.

SCORCHER PROOF

OUTLAST THE ELEMENTS

EXTRA THICK TANK STRUCTURE

With a load capacity of up to 1.6:1 specific gravity on mega molasses tanks. Active liquid tanks rated 1.3:1 SG. Active V tanks rated 1.1:1 SG.

LARGE TANK OPENING

For fast, easy filling. 455mm lid with a labyrinth breather on tanks 800-15000L.

'NO SPILL' CONTAINMENT LIP

Moulded on tanks over 400L.

GRADUATION MARKINGS

For quick measurement readings on contents.

FREE STAINLESS STEEL OR POLY TANK OUTLET

Fitting supplied with every tank.

UV STABILISED

Built to last in the harshest of elements.

OPAQUE TEAL

Colour blocks sunlight to prevent algae growth.

SPECIFIC MOULDED BASE LEGS

Stable mounting on any flat surface.

'SUREFIT' MOUNTING PINS

Free pins supplied with every tank.

THE TOUGHEST TANKS!

All of our tanks are manufactured here in Australia to dual Australian Standards, making ours the highest quality, toughest & most durable tanks on the market. With in-built Flexi-link technology in each tank structure, our tanks are able to cope with the twisting and flexing of those truck chassis movements that happen in tough operating conditions. Specialised poly manufacturing process maximises strength with minimal weight resulting in greater payload opportunities. UV stabilised, and backed by a full 15 year warranty, you'll be guaranteed to get a long life out of your Rapid Spray tank.

SPRAY TANKS

100L - 10,000L OPTIONS

Our tanks have the most extraordinary impact-resistant qualities and are impervious to the toughest conditions. Using specially blended poly, Rapid Spray's spray tanks are able to carry the broadest range of liquids, from plain water to the harshest chemicals. With the positive draining tank base and lower sump, you'll be sure to have a flooded suction regardless of terrain, allowing you to get the most out of your tank.

455MM LID & BREATHER + NO SPILL LIP

Prevents sucking & allows easy breathing
Lip - standard on tanks over 600L

EASY READ CALIBRATIONS

For ease of measuring contents

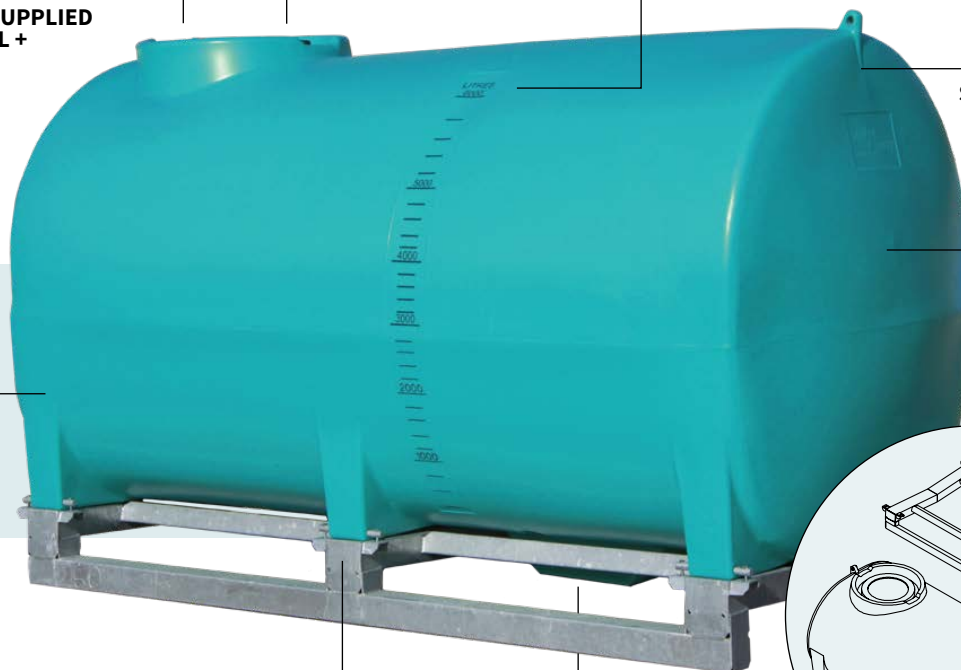

BASKET FILTER SUPPLIED WITH TANKS 200L +

Safeguards and decontaminates liquid when filling

TRANSLUCENT TEAL

Colour assists in seeing liquid level in tank

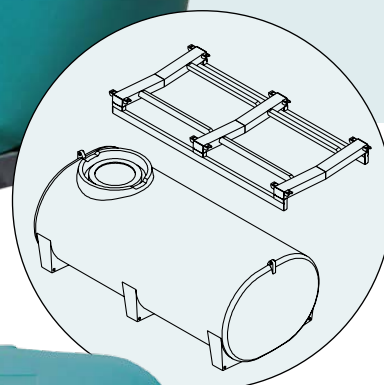

SMOOTH INTERIOR & INTEGRAL SUMP

Allows complete evacuation and decontamination

UV STABILISED

Poly for long life

FULL DRAIN SUMP & SUMP CLEARANCE

Easy clean & drainage of tank

'SUREFIT' PIN MOUNTING

Secure mounting pin system

CUT AWAY OF PIN

Shows secure mounting

BALL BAFFLES

GREATER SAFETY & STABILITY FOR YOUR TANKS

Rapid Spray's Ball Baffle system is the only baffle system that has been independently tested and verified by Loadsafe Australia. Our ball baffles are durable, rust resistant, lightweight and fully baffle the whole tank which dramatically reduces fluid movement for improved load stability during transit. They are suitable for use with all tanks including poly, steel, fibreglass and aluminium, and are made from food grade quality material making them suitable for potable water transport. They can also be used with diesel and other liquids. Simple to install, the balls are supplied in two halves with a simple push and twist joining system. If you are using a 3" or 4" pump, we recommend fitting a Ball Baffle outlet protector.

SUITABLE FOR STEEL & FIBREGLASS TANKS

REDUCES BRAKING DISTANCE

Independent testing has demonstrated the Ball Baffle system reduces braking by up to 46%

CAN BE USED WITH DIESEL & OTHER LIQUIDS

TESTED & APPROVED BY LOADSAFE AUSTRALIA

Check out the video on rapidspray.net

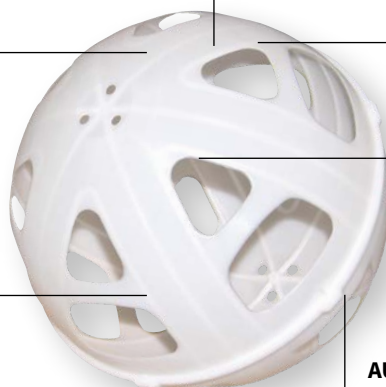

MADE FROM FOOD GRADE POLYPROPYLENE

Suitable for use with potable water

AUSTRALIAN MADE

With 1 year warranty. New & improved design - 300% stronger. Greater durability and longevity

GREATER STABILITY

Slalom testing shows a remarkable increase in vehicle stability
